

Greetings from Molehill Primary Academy!

A new year with exciting things ahead!

The children and adults at Molehill Primary Academy have just returned from their 6 week summer holiday which we have each year from the end of July to the beginning of September.

The weather in England has been very hot this summer. Sometimes in the summer there can be a lot of cloud, it can rain a lot and the temperature stays below 20°C, but this year we have had beautiful blue skies and the temperature has been closer to 30°C!

What is the weather like in the summer months in Malawi?

Some of the activities the children take part in over the summer were: football, tennis, walking, fishing, writing stories, playing musical instruments, going to the beach and many more!

What do you do for fun when you are not at school?

We are really looking forward to our learning this year and are already having lots of fun with our new teachers.

The topics we are learning this term are:

“All about me—learning about ourselves” in Foundation Stage (4-5 year olds)

“A day in the life—learning about other people” in Key Stage 1 (5-7 year olds)

“Explorers and Adventurers - learning about explorers ” in Lower Key Stage 2 (7-9 year olds)

“Go with the flow - learning about rivers” in Upper Key Stage 2 (9-11 year olds)

What topics will you be learning about this term?

Meet the staff

Each time we send a letter, we will introduce a different adult that works at Molehill Primary Academy. This time you will meet the link coordinator, Mr Etheridge.

Job at school: Vice Principal

Favourite Food: Roasted Chicken

Favourite Book: Harry Potter and the Goblet of Fire

Favourite Subject(s): Maths and Music

Favourite Animal: Goat

“I am really excited about our link with Starfish Malawi! I know it will help both of our schools to improve and can't wait to develop our link even more!”
