

'Moni' from Molehill Term 4 Newsletter

What has happened at Molehill since our last letter?

This year seems to have passed by very quickly and we can hardly believe that the last letter we sent you was in November. Since then we have celebrated Christmas, held an 'International Day' at school (years 1 and 2 learned all about traditional stories from Malawi) and have learned about

many different topics such as:

Under the Sea, Active Planet and Super Vegetables.

World Outdoor Classroom Day

On 18th May 2017 it is World Outdoor Classroom Day! This is a day where as much learning as possible takes place outdoors, rather than inside a building!

We think it would be a really fun idea to do a joint project between Molehill Primary Academy and Chigombe L.E.A!

If you have any ideas about what we could do on the same day, at the same time, let one of your teachers know because we will be

speaking to each other about what we could do soon!

Our Questions

- It is nearly Easter, do you celebrate Easter in Malawi?
- Do you play sports against different schools?
- How far do you have to travel to school?

Meet the staff

Each time we send a letter, we will introduce a different adult that works at Molehill Primary Academy. This time you will meet year 4 teacher, **Miss Armstrong.**

Job at school: Year 4 Teacher

Favourite Food: Quesadillas (Mexican street food)

Favourite Book: The Final Empire by Brandon Sanderson

Favourite Subject(s): Music and Drama

“Having the link with Chicombe is amazing because they have a rich culture that is so different from ours, that would be fascinating to learn about.”
