

### **School Council 26<sup>th</sup> June 2018**

Classes present:

Meeting led by: Miss Daniel

The purpose of this meeting was to collect ideas and suggestions by the School Council members and their classes for future projects. All members thought that we should be raising money through fun activities throughout the school. It was suggested that we could raise money for the NHS, St Martin's Church, and the school. After some debate, it was felt that we should try to raise enough money to buy a new climbing frame. The point was made that we would have to decide on where a new climbing frame would go (which key stage). Miss Daniel suggested the possibility of collaborating with the PTA on a future project.

The following suggestions were made:

1. A non-school uniform day (Kestrel).

2. A fun day in school similar to our Good OFSTED celebration (Badger). We discussed ideas such as: throwing wet sponges at the teachers, soft play obstacle course, board games, gaming (X-Box) and art activities.
3. A teddy bear picnic (Badger).
4. A plant growing competition between classes (Falcon).
5. Football tournament (Kestrel).
6. Weird hair day (Eagle).
7. Pyjama day (Badger).
8. Bring your pet to school day (Hedgehog).

It was felt by everyone on school council that the school needs climbing frames for Key Stage One and Key Stage Two. We discussed the fact that climbing frames are very expensive, but the children agreed that they would like to help money by doing more and saving up.

The meeting closed with Miss Daniel offering to discuss the meeting with Mrs Brierley.
